RDX Series™

Easy to use, rugged and affordable.

In the competitive construction field, improving productivity and controlling costs has never been more important. Motorola business two-way radios provide clear communication – often in noisy environments – and that’s essential to avoiding downtime, accelerating job progress and enabling faster response.

Instant communication in Construction means:

- Improved jobsite coordination
- Reduced operational costs
- Faster delivery and material coordination
- Smoother work crew scheduling
- Quick coordination and response to emergencies
- Enhanced safety and security
- Immediate production updates
- Increased customer service and satisfaction
- Reduced monthly operating costs

- NO CONTRACTS
- NO MONTHLY FEES
- NO PER-CALL CHARGES
- NO INFRASTRUCTURE REQUIRED

Construction Challenges	Two-way Radio Solutions
Worker safety and liability issues.	Workers can coordinate and quickly respond to accidents, or emergencies.
Pressure to finish projects faster.	Maintain constant contact with and among workers to help mobilize them and get tasks completed faster.
Profit margins are thin.	Affordable RDX Series radios help make workers more productive and accountable.
Getting more done with fewer workers.	Leaner work crews stay focused on the job at hand and keep projects moving.
Workers carry many tools on the job.	Durable, lightweight and easy to use, the RDX Series radios clip right on the tool belt.

Rugged and Water Resistant

Durable metal diecast chassis helps radios hold up under demanding conditions.

Power and Coverage*

2 Watt RDX Series radios provide coverage of up to 250,000 square feet, 20 floors – 4/5 Watt models cover up to 350,000 square feet, 30 floors.

Flexible Battery Life Solutions**

2 Watt radios feature the standard Li-ion battery (up to 12 hours of life per charge). 4/5 Watt radios feature the ultra high capacity battery (up to 18.5 hours per charge). An alkaline battery kit is available as an optional accessory (up to 26 hours per charge).

Accessories

Motorola offers a full complement of accessories for customizing radios to suit user needs.

A Motorola business two-way radio can pay for itself in less than 2 months.

If each worker saves 5 minutes per hour, watch your savings multiply...

Hourly rate including benefits	Each radio pays for itself in...	Annual savings for 10 workers
\$12 per hour	24 days	\$21,000
\$18 per hour	12 days	\$42,000

Based on calculations using MSRP of \$189 for a two-way radio and on the hypothetical hourly wages of an employee or worker.

MOTOROLA MEANS BUSINESS
With 75 years of innovation and engineering expertise, it's no wonder that Motorola is a world leader in providing small business on-site, two-way radio communication solutions.

*Coverage will vary based on terrain, conditions and radio model.
**Battery save feature must be activated for optimal battery life.
